Credits: 3

Course Title: Coordinated Internship

Course Description (including lecture hours, lab hours, total contacts)
Coordinated Internship is a training program designed to increase student’s knowledge of operating a Retail Business. It teaches skills necessary for effective performance in supervisory and upper level management position in marketing occupations. The training program involves rotation among the various departments/functions within the retail training laboratory until the student is familiar with the operation. It combines a comprehensive introduction to store retailing with extensive on-the-job training assignments which provide the opportunity to apply the understanding of merchandising and management procedures.

General Course Purpose
The present marketing venues and opportunities resulting from the strong presence of the internet, the proliferation of small entrepreneurial business startups, market diversity and the growing need for middle management staff by mass merchandisers, require more focused instructional experiences than traditional marketing programs.

Course Prerequisites/Corequisites (Entry-level competencies required for enrollment)
None

Course Objectives (Each item should complete the following sentence.)
