DENTAL LABORATORY TECHNOLOGY INSTRUCTOR

(PART-TIME)

The College is seeking adjunct instructors to teach Dental Anatomy and Principles of Occlusion in the Dual Enrollment Program at Hanover High School. Other positions include teaching Distance Education courses in Dental Anatomy and/or Dental Materials at the Downtown Campus.

QUALIFICATIONS REQUIRED: Associate degree or equivalent in Dental Lab Technology; Five (5) years of current dental laboratory experience in fixed prosthodontics.

QUALIFICATIONS PREFERRED: Bachelor's degree and certification in either crown and bridge or ceramics is preferred. Knowledge of dental anatomy and tooth morphology. Wide range of coursework and/or teaching experience throughout dental laboratory subject area. Considerable experience in waxing. Must have the ability to effectively organize, prepare and teach course work in accordance with established and/or developed syllabi. Demonstrated ability to incorporate technology routinely into instructional and faculty responsibilities. Demonstrated ability to work with students from diverse backgrounds; and strong written and oral communication skills. If an A.A.S. degree holder, must be willing to work towards a Bachelor's degree and obtain certification within three years of appointment to the program.

Salary commensurate with the education and experience of the applicant.

For further information please contact Ernie Wolfe, C.D.T., in the Dental Laboratory Technology Program at (804) 523-5931 or ewolfe@jsr.vccs.edu immediately.

Please send completed Commonwealth of Virginia application, resume, official academic transcripts, and three current letters of recommendation to:
