College

Message To: Students, Parents, Teachers and Counselors:

The Capital Area Partners for Educational Reform (CAPER) is a Tech Prep Consortium dedicated to utilization of mutual expertise to affect educational reform that will prepare students to be life-long learners, able to be productive citizens who compete successfully in the global economy of the 21st Century.

The CAPER partners include Goochland, Hanover, Henrico, Louisa, Powhatan, and Richmond City School Divisions, and J. Sargeant Reynolds Community College.

The purpose of this publication is to promote academic and career preparation for students through the development and support of six-year career pathways, which integrate technical skills and academic knowledge. This Tech Prep Career Pathways Guide provides guidelines for course and curriculum selections for six-year career pathways that include dual-enrollment options for which students earn college credits from J. Sargeant Reynolds Community College. Any sequenced program from this guide will allow students to develop the technical knowledge and skills necessary for successful career and/or post-secondary studies entry.

It is important for students to consider all academic options in order to make the best possible career choices. Please review this document carefully as you prepare to make those important choices and course selections that will impact your future. Students who successfully complete these programs will be prepared for challenging, rewarding careers in the workplace of the 21st Century.

-- Harvey L. Crone, CAPER Coordinator
