Zachary DuRaysky's Desire Fern posts question of free will to readers
GLEN ALLEN, Va. (PRWEB) December 11, 2014

Author Zachary DuRaysky infuses the works of Nathaniel Hawthorne and Arthur Miller into his new novel, Desire Fern (published by AuthorHouse), inspired by erotic paintings, such as Venus of Urbino, through fiction.

Set in a Punish village in Virginia, Desire Fern tells the story of a rebellious Puritan girl the title character - who refuses to let her villages religious beliefs define her. Desire Fern swears, sings and enjoys the pleasures of the body, all of which quickly earn her the title of harlot.

Everything changes when Desire discovers an incredible power dwelling inside her. She is able to make mystical claws come out of her left fingers, a power she knows will not be welcomed in her community. Now Desiree, who has never been afraid to be herself, must keep her new power a secret. Can she do it?

Filled with romance and fantasy, Desire Fern expounds on these of free will, good versus evil and true liberation. DuRaysky hopes readers will feel a cathartic release through Desiree.

I want them to remember that they have free will, that they can live their own way, DuRaysky asserts. I also want them to feel Desirees impact on their lives.
