How to View Anticipated Aid in the Student Center

Click on the “Account Inquiry” link under the Finances section.

This will bring you to the “Account Summary” page. Under the “What I Owe” box, you will see the anticipated aid information that is highlighted below.

The “Pending Financial Aid” for the current semester is based on the current enrollment. It tells the last time the pending financial aid was updated and has a button to push to recalculate the pending aid.
