

## Reynolds Student Health Safety Agreement - Fall 2020

**The health and well-being of our students, instructors and staff is a top priority.** With the uncertainties of the COVID-19 pandemic outbreak, we must follow very specific guidelines until the end of the pandemic. This document provides guidelines for keeping students, instructors, and staff safe during the current COVID-19 pandemic for all **ON CAMPUS CLASSES**. As a condition for your return to class, you are expected to practice and follow these guidelines consistently for the safety of not only yourself, but for others you will encounter on campus.

Watch the video below and then respond to each statement afterwards.

### **For my safety, the College will do the following:**

- Maintain a commitment to keep educational interruptions to a minimum and help students stay on track to complete their programs of study;
- Initiate steps to mitigate the risk and transmission of COVID-19 including the thorough cleaning and disinfecting of classroom/lab areas at the conclusion of classes;
- Provide hand sanitizers on campus;
- Provide regular cleaning/disinfecting of common areas such as water fountains and restrooms; Quickly respond to student concerns and/or questions as they may arise, and;
- Adapt, adjust, or change procedures or policies to adhere to the Center for Disease Control (CDC), state, or federal policy/guidelines.

### **Student Expectations:**

As a student, I agree to the following conditions to safely return to class:

- 1) I will complete a daily online health screening by completing CDC Self-Check Questionnaire before coming to class.** If I do not feel well, I will not come to class. (Also available on the Reynolds LiveSafe App).
- 2) I will not come to class sick or stay if I feel sick,** regardless of symptoms. I will contact my instructor so that he/she is aware and can make instructional accommodations as necessary. I will stay in touch regularly with my instructor until I return to class. If he/she has not provided me with contact information, I will ask or contact the Office of the Dean of Students;
- 3) I will not come to class if I have been in close contact, as defined by the CDC, with someone with COVID-19** or traveled to an area with a high incidence of COVID-19. I will quarantine per CDC guidelines. I will not come back to class until I have quarantined for a minimum of 14 days. I will contact my instructor so that he/she is aware and may make instructional accommodations if appropriate, until I return to class;
- 4) If after attending a class, I find out that I was in close contact with someone with COVID-19 outside of class, I will contact my instructor immediately** and quarantine per CDC guidelines. I will not come back to class until I have quarantined for at least 14 days. My instructor may make instructional accommodations if appropriate. I will stay in touch with my instructor until I return to class;

**5) If I am diagnosed with COVID-19 I will not come to class. If I recently attended class, I will advise my instructor immediately of my diagnosis.** I will stay in touch with my instructor as I am able. I will not return to class until:

- a. a doctor/health professional verifies I have fully recovered OR
- b. I follow the additional guidance if I have been directed to care for myself AND
- c. contact the Dean of Students office prior to returning;

**6) I will practice Social/Physical Distancing and will not congregate** before, during, and after class, as well as during breaks. I will not loiter or socialize on campus and will leave the campus when not engaged in active course-related activities;

**7) I will wear a protective face covering whenever I am in a campus building.** A face covering is required for on-campus instruction or services. Other Personal Protective Equipment (PPE) may be required by the college or by my instructor. Failure to wear a face covering and/or required PPE (without a medical exemption) while on campus may result in being asked to leave the campus, possible dismissal from class and/or other sanctions outlined in the Student Code of Conduct (Policy 1-35);

**8) I will be prepared if my on-campus class is moved online.** In the event of a new outbreak or change in state guidelines, I understand it is possible my class may be moved online, fully or partially. I understand that if my class is moved online, I will need access to technology and internet with as little as 24 hours' notice.

9) RECOMMENDATION: **I should sign up for the Reynolds Alert** so that I will receive school-wide bulletins and update TEXTS/EMAILS not only about closings, but other emergency information I should know. For the latest emergency closing information, please sign up for Reynolds Alert by visiting [alert.reynolds.edu](http://alert.reynolds.edu).

**By typing my name below, I agree to the above Student Expectations as a condition of returning to campus for in-person classes.** If, at any time, I fail to follow any of these conditions, I understand I may be dismissed from my class without a refund. This agreement will become part of the class record.

Thank you for completing the Reynolds Student Health Safety Agreement.
