

State Board for Community Colleges to Consider 2022-23 Tuition and Fees at May Meeting

In accordance with Section 23.1-307 (D) of the *Code of Virginia*, the State Board for Community Colleges provides notice that it will consider tuition and mandatory fee increases for Virginia's Community Colleges, effective fall 2022, at 9 a.m. on May 19, 2022, at the Virginia Community College System, System Office, 300 Arboretum Place, Richmond, VA 23236.

The State Board will consider mandatory tuition and fee increases of between 0 percent and 4.0 percent for all undergraduate students, subject to budget provisions of the 2022 General Assembly special session. The maximum potential increase equates to a base tuition rate of \$160.15 per credit-hour for in-state students and would result in a net annual increase of \$184.50 for a student enrolling in thirty credit-hours during the academic year. The community colleges will use revenue generated from any increase in mandatory fees to pay for mandatory cost increases associated with compensation and benefit increases, contractual obligations, technology and strategic initiatives, inflationary cost impacts, debt service, and potential adjustments to student fees.

Written comments from the public will be accepted through May 18 and will be made available to the Board before action on tuition is taken. Written comments may be sent to Rose Marie Owen, Executive Assistant to the Chancellor, at rmowen@vccs.edu, or they may be mailed to the attention of Rose Marie Owen at:
