SPECIAL POINTS OF INTEREST

The month of March is used to recognize the achievements of women and their contributions to American History.

President Harry S. Truman signed the **Women’s Armed Services Integration Act** into law, allowing

women to serve as members of all branches of the Armed Forces. This still did not guarantee equal opportunity even though they have honorably served in the military for decades.

Women in the U.S. Army, Navy, Air Force, Marine Corps and Coast Guard has proven how valiant they are as they continue to break barriers even today.

Payments

Since February is a 28 day month and VA uses a standard 30 day month for processing, payments may not display in your VA.gov account until Friday, March 4, 2022 or later.

If any changes to an enrollment are received late in the month, that can cause a delay in payment.

Once processing is complete, any retroactive payments will be made.

Receipt of electronic payment can take up to five business days. Checks being mailed to student can be expected within seven to ten business days
