New Request for Certification is coming

Veteran services has been working on a new request for certification system that will go live next month. Please be on the lookout for the change. You will be able to..

1. Upload your COE and DD2-14 to the new certification or any other documents that you will need to submit.
2. Receive an email once you have submitted your RFC and you will receive an email notification once your RFC has been submitted to the VA.
3. Leave a comment if needed
4. Track the process of your certification

INSIDE Veteran Services

When registering for classes please remember the course modalities/formats

One in person class is needed to receive your full housing allowance

In person: All instructional hours are taught in person, face-to-face. (PR, DT, GC, TK)

Traditional Online: Instruction hours are delivered online without any specific scheduled class meeting time. (OA)

Live Online: Instructional hours in real-time online through live video conferencing. (LO)

Online Hybrid: Instructional hours delivered online through a combination of live and traditional online format meetings. (HO)

Hybrid in-person/Live online: 50-99% of instructional hours delivered live, online and remaining instructional hours are in person, face-to-face. (LP, LD, LG, LK)

Hybrid in-person/Traditional online: 50-99% of instructional hours delivered in traditional online format and remaining instructional hours are delivered face-to-face. (HP, HD, HG, LK)

Important Dates

Spring break (no classes) March 15-20, 2021

FAFSA event on March 5, 2021 from 1 pm -3pm with a focus on Veterans students. You can register at this [link](#).

Women in the Military

Gen. Ann E. Dunwoody

She became the first woman to reach four-star officer rank in the history of the United States military in 2008. As a supply team leader, Anne is best known for how she revolutionized the Army material command as the commander.

Air Force Colonel Eileen Collins

Became the first female space shuttle commander and one of the famous women veterans who have made incredible contributions to America. In 1979, Collins joined the Air Force and she was assigned to be a T-38 flight instructor until the year 1982.

Grace Murray Hopper

American mathematician and rear admiral in the U.S. Navy who was a pioneer in developing computer technology, helping to devise UNIVAC, the first commercial electronic computer, and naval application for COBOL (common-business-oriented language).
